VinaLand announces groundbreaking ceremony for Capital Square project

VinaLand Limited, an investment company trading on the AIM market of the London Stock Exchange, is pleased to announce the 27 March 2008 groundbreaking ceremony for the first phase of the Capital Square urban centre project in Danang, central Vietnam.

VinaLand received an investment licence on 27 July 2007 to develop 2.5 ha of a 9 ha site in Danang, a coastal resort and one of Vietnam's top tourism destinations. The first phase of the project, due for completion in 2011, will see construction of luxury apartments, a commercial centre, a 5-star hotel and an office building.

Two subsequent phases of the project will see construction of additional high-rise apartments, luxury villas, an international school, a 4-star hotel and a conference centre.

VinaLand owns a 75 percent interest in the Capital Square project, with Vietnam Opportunity Fund holding the remaining 25 percent interest. Total investment for all three phases is expected to reach USD 325 million. Both funds are managed by VinaCapital, one of the largest investment managers in Vietnam.

Commenting on the groundbreaking, VinaLand director and VinaCapital CEO Don Lam said, "We are excited to reach the implementation phase of the Capital Square project, which will see world-class commercial, residential and leisure facilities developed near the heart of Danang."

"VinaCapital is pleased to be the top foreign direct investor in Danang, one of Vietnam's fastest growing cities," Don added.
